

E-Tool 6 Drawer Rugged Mobile Manager (Options: Managed Switch or No Switch)

Description

The Tracewell E-Tool Mobile Manager is the answer to Defense and Commercial Industries' initiative to implement and field electronic media platform tools reducing the reliance on traditional paper bound manuals, providing a reliable and secure path for providing a reliable and secure path for Interactive Electronic Tech Manuals IETM. Tracewell Systems' objective is to provide a storage, transport and charging system with a single point LAN connection for a wide variety of E-Tool platforms that is lightweight, efficient, durable and cost effective.

Features

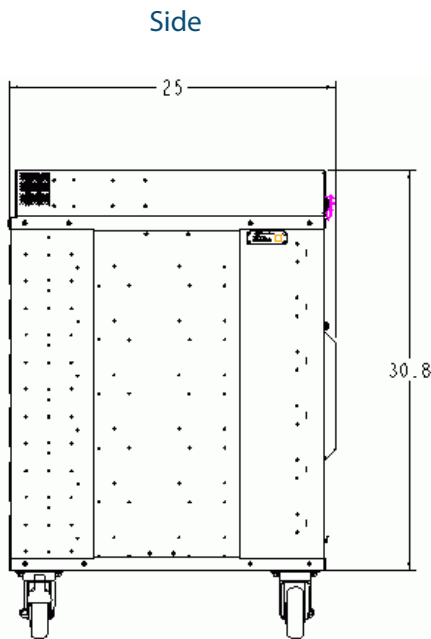

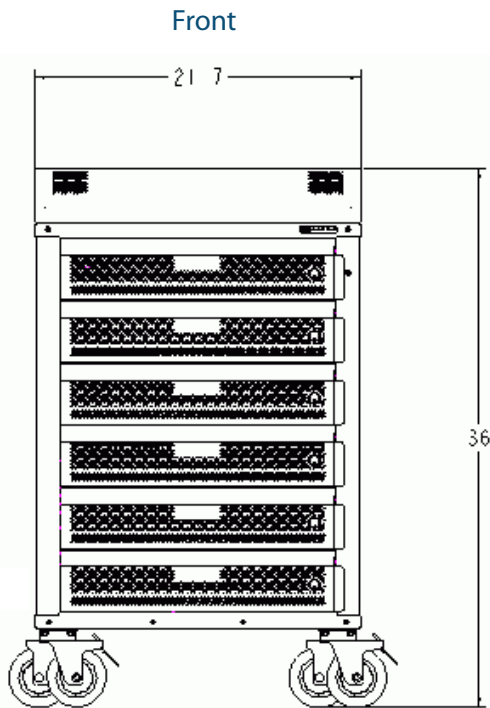

- 6 drawers accommodates a wide variety of rugged laptops, tablets, PDAs and power supplies
- Drawers have pressurized ventilation to purge warm air
- Power surge protection is provided to protect electronics from voltage spikes
- Durable chassis finish
- Each drawer has a high-security Medeco lock
- Equipped with a Juniper SRX-100 managed Ethernet switch (F04) or fully wired with no switch installed (F31)
- Network switch in separately locket compartment
- Multiple fans ensure sufficient cooling while charging
- Stable reinforced chassis when empty and fully loaded
- Heavy duty casters for easy maneuvering / transport
- A single power cord provides power to all the drawers and plugs directly into a standard 120VAC, 50-60Hz wall outlet

Description

E-Tool Mobile Manager,
6 Drawer, Rugged, Managed

Specifications

- Universal Input Voltage: 100-240VAC (nominal), single phase; includes surge protection
- Input Frequency: 50/60 Hz (nominal)
- Input Current: 15 amps (maximum, steady state), circuit breaker protected
- Inrush Current: Variable, depending on customer installed hardware
- Output Power: 14.5A combined drawer output (maximum, all 6 drawers combined)
- Drawer Outlets: Each drawer includes one (1) AC convenience outlet; each drawer is current limited to 3A
- AC Outlets: NEMA 5-15R, 3-pin with ground, non-isolated voltage (tied directly to AC input)
- Drawer LAN: Each drawer includes one (1) 10/100Mbps Ethernet port (RJ-45); drawer Ethernet ports route through one internal Ethernet switch
- Cabinet LAN: Rear panel, three 10/100Mbps Ethernet port (RJ-45):
 - a) external LAN connection
 - b) daisy-chain connection
 - c) console port
- Dimensions: H (with casters) 36.1" x W 21.7" x D 25.3"
H (without casters) 30.8"
- Drawer dimensions (interior): H 3.9" x W 17.2" x D 17.7"
- Weight: 109 lbs. (empty)
- Temperature: 0 deg. C to +50 deg. C (operating)
- Humidity: 5 - 95%, non-condensing
