

Tracewell T-XR8000 ATA Case

four slot Airline Transportation Association compliant transit case

Delivering a purpose-built transport case that can be tailored to support mission requirements.

The Tracewell T-XR8000 is a four slot (4U), rugged transit case that is Airline Transportation Association (ATA) compliant. Highly portable, the tactical transit case supports “carry on” requirements and is designed to be modular and flexible – components slide in and out easily, depending on configuration. Engineered by Tracewell and manufactured in Ohio the T-XR8000 is purpose-built for Dell XR8000 compute sleds and offers the ability to easily integrate a wide range of compute, storage, networking, and third-party technology components.

DIMENSIONS: ATA COMPLIANT
9.0"H (max) x 14.0"W x 22.0"D

TRANSIT CASE FEATURES

- Durable, lightweight, machined aluminum case
- Designed to allow for true “plug and play” installation and removal of components
- Protective shock isolating foam lined interior
- Removable front and rear cover
- Side carry strap
- External paddock loops
- Pressure relief valve
- Wheel kit with retractable tote handle (standard)
- Can be customized based on program and mission requirements
- Weight contingent on components and specific configuration

ABOUT TRACEWELL SYSTEMS

For more than 50 years Tracewell has enabled the nation's largest military and commercial organizations to deliver powerful and reliable computing solutions in environments where size, weight, power and other constraints present challenges that cannot be met by standard computing systems. Tracewell Systems have been recognized by the top names in the defense and technology sectors for their commitment to Trusted Innovation – a process where the company solves previously impossible, sensitive, mission-critical platform challenges through customer solution design, engineering and manufacturing, all under one roof.
