

Tracewell T-XR8000

4U Tactical Transit "Ship To" Case

Delivering a purpose-built, integrated transport case designed to move mission-critical technology in tactical environments.

The Tracewell T-XR8000 4U is a rugged, tactical transit case that supports "ship to" use cases for integrated, mission-critical solution platforms. Highly portable and designed to be modular and flexible, it adapts easily to a range of deployment needs. Engineered by Tracewell and manufactured in Ohio, the T-XR8000 4U tactical transit case is purpose-built for Dell XR8000 compute sleds and offers the ability to easily integrate a wide range of compute, storage, networking, and third-party technology components.

DIMENSIONS: ATA COMPLIANT
10.6"H x 15.3"W x 29.2"D
(29.8" with included guards)

TRANSIT CASE FEATURES

- Rugged 4U transit ("ship to") case
- Durable, lightweight, machined aluminum case
- Protective shock isolating foam lined interior
- Removable front and rear cover
- External paddock loops
- Pressure relief valve
- Front and rear carry handles
- Protective corner guards
- Stacking kit with interlocking retainers
- Wheel kit with retractable tote handle (optional)
- Can be customized based on program and mission requirements
- Weight contingent on components and specific configuration
- MIL-SPEC: MIL-STD 810H shock and vibe (additional MIL-SPEC compliance options available)

ABOUT TRACEWELL SYSTEMS

For more than 50 years Tracewell has enabled the nation's largest military and commercial organizations to deliver powerful and reliable computing solutions in environments where size, weight, power and other constraints present challenges that cannot be met by standard computing systems. Tracewell Systems have been recognized by the top names in the defense and technology sectors for their commitment to Trusted Innovation – a process where the company solves previously impossible, sensitive, mission-critical platform challenges through customer solution design, engineering and manufacturing, all under one roof.
